

WAR RESISTERS LEAGUE
90th Anniversary Conference

REVOLUTIONARY NONVIOLENCE

*Building Bridges Across
Generations and Communities*

Thursday, August 1 – Sunday, August 4 • 2013
Georgetown University • Washington, DC.

You are invited to join WRL members and other activists from around the country as we gather to honor our history, acknowledge our current struggles and re-invigorate ourselves for the work ahead.

Just weeks before the 50th anniversary of the historic Civil Rights March for Jobs and Freedom, we will explore our ties to movements for justice and peace across the country and around the world.

Our conference will include a healthy balance between small group discussions, full conference gatherings, plenty of music, poetry and time to relax with friends old and new – all as we conspire about radical nonviolent direct action and social change. *Speakers at this historic gathering will include:*

**Barbara Ehrenreich • Winona LaDuke • Vijay Prashad • Phyllis Bennis • Noor Mir Sachio Ko-Yin • David Swanson • Ynestra King • Arun Gupta • Zoharah Simmons
 Nada alWadi • Mab Segrest • Bruce Gagnon • Rosa Moiwend • Leslie Cagan**

And we'll hear the music and poetry of:

**Emma's Revolution • Charlie King & Karen Brandow • Jan Barry
 WD Ehrhart • Kathy Engel • YaliniDream • Liz Roberts**
